Pinkham's Vege-table Compound, but I only scorned good advice and felt that my case was hopeless, but she kept at me until I bought a bottle and started taking bought a bottle and started taking it. I soon had the best reason in the world to change my opinion of the medicine, as each day my health improved, and finally I was entirely without pain at my mentruation periods. Lightning Took Bread and Butter.

Edward Admanson of Fort Dodge, lowa, had a narow escape from death from a lightning flash which descended upon his house in a thunder storm on Sunday evening. As it was he was badly shocked, and the lightning spent its force upon the piece of bread and butter which he was eating at the time, throwing it violently against the wall, butter side down, where it hung, while its prospective consumer lay unconscious on the floor. -St. Paul Dispatch.

A Physician's Advice.

Yorktown, Ark., March 7th.-Dodd's Kidney Pills must not be confounded with the ordinary patent medicine. They are a new discovery, a specific for all diseases of the Kidneys and have been accepted by physicians only after careful tests in extreme enses. Gont, Rheumatism, Inflammation and Congestion of the Kidneys and all kindred complaints." Continuing he says:

"I could mention many cases in which I have prescribed Dodd's Kid-ney Pills with success. For instance, Mr. Robert Weeks, farmer, malaria. haematuria or swamp fever three times, kidneys weakened, continual pain and soreness in back, which made him very nervous had a little fever and sometimes chilly. Urine changeable, but generally very highcolored; an old chronic case who had taken much medicine with little effect. After taking Dodd's Kidney Pills about six weeks he was entirely cured and had gained fifteen pounds in weight. The last time I saw him he was the picture of perfect man-

Seton's Studies of Animal Life.

Ernest Seton, whose studies of animal life have delighted so many readers, for twenty years has been not ing by word or sketch every small fact he discovered. Among them are innumerable footprints of wild animala, most of which he gives Mrs. Seton credit for obtaining. She has often gone into an animal's cage in the New York 200 and with the keeper's assistance cajoled the creature into walking to and fro on light brown paper which would show his tracks.

**HOW TWO BEAUTIFUL WOMEN ESCAPED** DREAD CATARRH BY USE OF PE-RU-NA.

Catarrh Robs Women of Health and Beauty. Pe-ru-na Makes Women Healthy and Beautiful.

Miss Amanda Johnson, Fairchild, Wis., writes:

"I write to tell you how much Peruna benefited me. For a number of years 1 had pain in my head around my eyes,

and I thought it was because my eyes needed treatment,

so I went to an occulist and had glasses fitted to my eyes

and were them for some time, but felt no relief whatever,

In fact, I felt worse than before and came to the conclu-

sion that the trouble was not with my eyes, but with my head and that it must be catarrh. As so many of my

friends had used Peruna with benefit for this trouble, I

thought I would try it. I was not sorry that I did so, for in a short time I began to improve, and in four weeks my

eyes were in spiendid condition, my general health was much improved and all the catarrh of the head was gone.

I was glad to get rid of this trouble and am glad to enderse

such a good medicine as Peruna."-Miss Amanda Johnson.

Miss Flora Hauser, 1002 S. New Jersey Street, Indianapolis, 1nd.,

"I think I must have been troubled with catarrh ever since I was very young, aggravated each time I caught a cold. This did not prove sufficiently serious to be ob-noxious until last winter. Then my head and nose were so stopped up that I felt I must do something. Peruna was recommended to me by a friend. I used it for four weeks and found to my relief that it cured me. I have not had a bit of trouble since. My head is clear, and I can safely affirm that Peruna cured me."—Miss Flora Hauser.
